University

Medical Assisting Program

Student Handbook

2022-2023

Introduction

Welcome to the Medical Assisting program at Goodwin University!

The intent of this handbook is to provide you with user-friendly information that will enhance your experience as a student in the Goodwin University Medical Assisting program. This handbook is not meant to replace the Goodwin University Catalog or the Goodwin University Student Handbook but rather to augment and assist you to identify policies specific to the Medical Assisting program.

As a Medical Assistant student, you are expected to function in an increasingly professional manner and some of your education is designed specifically to socialize you into the role of the healthcare profession. You also are expected to assume responsibility for your learning and related events. The faculty in the Medical Assisting program will attempt to give you the support necessary for completing the program.

Please refer to your university catalog for complete information on all university policies and procedures.

Career Description

Medical assistants work alongside medical providers, mainly in outpatient or ambulatory care facilities, such as medical offices. Medical assistants are cross trained to perform administrative and clinical duties. Some of the administrative duties may include, but not limited to answering telephones, greeting patient's, updating electronic medical records, basic billing/coding, completion of insurance forms, scheduling appointments, and handling correspondence. Some of the clinical duties include, but not limited to recording medical histories, educating patients, preparing patients for procedures, performing basic laboratory tests, phlebotomy, suture removal, electrocardiography, preparing and administering medications as directed by a provider (limited in some states).

Mission, Philosophy, Goals, Objectives

The Mission of the Medical Assisting program is derived from the mission of Goodwin University. The Medical Assisting program provides an atmosphere where its diverse population finds a place of belonging to not only prosper in the medical office but also promote critical thinking, personal development, and community involvement.

The philosophy of the Medical Assisting program of Goodwin University derives from the mission of the University.

The mission of Goodwin University is to educate a diverse student population in a dynamic environment that aligns education, commerce, and community. Our innovative programs of study prepare students for professional careers while promoting lifelong learning and civic responsibility. As a nurturing university community, we challenge students, faculty, staff, and administration to fully realize their highest academic, professional, and personal potential.

The Goals of Goodwin University provide additional guidance for the program, specifically:

- To create a dynamic educational environment that prepares for and advances students in professional careers while developing an appreciation for the humanities, arts, and sciences.
- To educate students in an environment that celebrates diverse cultures, ages, experiences, and opinions.
- To refine methods that support and retain undergraduate and graduate students.
- To adapt our programs to the changing needs of our student body, the workforce and society.
- To enrich our local and global communities by forming and sustaining collaborative relationships that create educational, economic, and cultural benefits.
- To assist our graduates with identifying and securing professional opportunities.
- To provide students with frameworks for making ethical decisions and conducting themselves with professional integrity.

Accreditation

The certificate program in Medical Assisting at Goodwin University is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) (www.caahep.org) upon the recommendation of the Medical Assisting Education Review Board (MAERB). Commission on Accreditation of Allied Health Education Programs, 1361 Park Street, Clearwater, FL 33756, (727)210-2350, www.caahep.org.

Access to Records

The student is referred to the policy governing rights under the Family Educational Rights and Privacy Act (FERPA) in the Goodwin University catalog.

CPR/First Aid Certification

Students are required to become certified in CPR for Healthcare Providers/BLS through the American Heart Association and First Aid, through the American Red Cross, prior to MED 299: Medical Assisting Internship. The cost related to obtaining and maintaining CPR certification is the responsibility of the student. CodeOne in East Hartford offers a 10% discount to Goodwin University students if it is booked via phone.

Student Health Requirements

Enrolled students must submit a physical examination form completed by a medical provider, prior to starting 2nd semester courses. The following immunizations must have current documentation before the start of MED 153:

- Hepatitis B vaccination
- Varicella or titer result
- MMR
- Tetanus
- 2 Step PPD
 - COVID & flu vaccination dependent on the internship site location and its respective policy.

Required Equipment

All students must have the following to participate in the Medical Assisting program: solid color scrubs, stethoscope, watch, oximeter, black pen, notebook, access to reliable internet, and a functional laptop with working camera and microphone.

Cell Phone Policy

Cell phones must be unseen and unheard while in class or at the internship site. Students should never use phones at internship sites unless extenuating circumstances arrive. Arrangements can be made for receiving urgent personal calls following discussion with your instructor and/or internship site supervisor at the start of class or the student's hours.

Attendance

You are expected to attend every class. This reflects your professionalism and dependability. You are expected to stay for the duration of the class out of respect for your peers and your instructors. If circumstances arise that require you to leave, you should be courteous and inform the instructor of your intent to leave early via email. Excessive absenteeism or multiple incidents of leaving class early may necessitate progressive discipline. See page 8 for the Progressive Discipline Policy. For internship attendance requirements please refer to page 13.

Excused absences are limited to the reasons below with **proper documentation**:

- Illness - Illness of relative - Car accident	- Graduation - Court date - Job/internship interview	- COVID-19 - Funeral - Utility outage
--	--	---

One extension limited per documentation.

Dress Code

Students must always dress professionally while on campus or at the internship site. Students must adhere to the established dress code while on internship and in the medical assisting lab, Room 202 at 403 Main St. Students who do not adhere to the dress code will be sent home and enter progressive discipline.

BOTTOMS: Black/navy (solid color) scrub pants. Undergarments should not be visible through clothing. Uniform skirt allowed to be 1-2 inches below the knee.

FINGERNAILS: Artificial fingernails are not allowed. Fingernails must be clean and short.

HAIR: Hair should be clean and in a style that contains the hair and keeps it off the collar. Long hair must be pulled back to prevent hair from falling toward the patient. Men should be clean shaven, and any beards/mustaches should be neat. Hair colors should be natural: blonde, ginger, brunette, or black. Other colored pieces should be removable for professionalism.

HYGIENE: Appropriate hygiene should be practiced. No products with perfume are to be applied. Students should refrain from smoking to avoid introducing potential irritants into the clinical environment.

JEWELRY: Jewelry is limited to the use of stud earrings in the ear only. Dangling jewelry is not allowed, including necklaces. No other visible body piercing (face, tongue, eyebrow, etc.) is allowed. Excessive amount of jewelry or rings may cause transmission of bacteria between patients or lead to ineffective hand washing. Tattoos should be of limited visibility. Watches are required.

SHIRTS: Solid color scrub top allowed for on ground courses. For MED 153 and MED 299, mandatory Goodwin University ceil blue scrub top with Goodwin University insignia. These may be purchased from the Goodwin University bookstore.

SHOES: White/black/grey sneakers or clogs preferred. No boots, high heels, canvas sneakers, or open-toed shoes.

Functional Abilities

In order to perform the tasks required of a medical assistant, certain physical capabilities are required. Students must demonstrate the ability to perform required functions as a routine part of classroom, laboratory, or while on internship. Students should be aware that successful completion of the Medical Assisting program will depend upon the ability to meet the following technical standards:

<p>Gross Motor Skills</p> <ul style="list-style-type: none"> • Move within confined spaces • Maintain balance in multiple positions • Reach above shoulders (e.g.: monitors) • Reach below waist (e.g.: plug electrical appliances in wall outlet) • Reach out front 	<p>Fine Motor Skills</p> <ul style="list-style-type: none"> • Pick up objects with hands • Grasp small objects with hands (e.g.: pencil) • Write with pen or pencil • Key/type (e.g.: use a computer) • Pinch/pick or otherwise work with fingers (e.g.: manipulate a syringe) • Twist (e.g.: turn objects/knobs using hands, assemble objects) • Squeeze with finger (e.g.: medication ampules) 	<p>Physical Strength</p> <ul style="list-style-type: none"> • Push and pull 50 pounds (e.g.: position client, move equipment) • Support 50 pounds of weight • Lift 50 pounds (e.g.: pick up a child, transfer client, bend to lift an infant or child) • Carry equipment/supplies • Use upper body strength (e.g.: perform CPR, physically restrain a client) • Squeeze with hands (operate fire extinguisher)
<p>Physical endurance</p> <ul style="list-style-type: none"> • Stand (e.g.: at patient side during surgical or therapeutic procedures) • sustain repetitive movements (e.g.: CPR) • Maintain physical tolerance (e.g.: work on your feet for 8 hours) 	<p>Mobility</p> <ul style="list-style-type: none"> • Twist, bend, stand/squat, kneel, move quickly (e.g.: respond to an emergency), climb stairs, walk 	<p>Hearing</p> <ul style="list-style-type: none"> • Hear normal speaking-level sounds (e.g.: person-to-person report) • Hear faint voices

Graduation Requirements

The following requirements must be met to graduate from the Medical Assisting program:

- All core medical assisting courses must be completed with a grade of “C” (73%) or higher.
- Successfully complete and pass all competencies with a grade of “B” (85%) or higher.
- Fulfillment of all financial obligations to the University.
- Students must maintain a 2.0 GPA to graduate. For more information on graduation, please see the Goodwin University Catalog.

Progression Policies

All Medical Assisting courses are graded based on the syllabi provided by each instructor and is subject to change based on the instructor.

All core course requirements must be completed with a grade of C (73%) or higher AND all competency skills in each specific course must be passed with a grade of B (85%) or higher. Students must successfully pass ALL competencies to be eligible to enroll in MED 299 and be placed on internship. Students who do not successfully pass a course(s) may progress with the cohort at the discretion of the Program Director. Decision will be based on student’s individual situation, including, but not limited to course grade, overall GPA, professionalism, and recommendation of faculty.

Any student who is out for more than 2 semesters must repeat core courses aligned with competency skills. Any mitigating circumstances require prior program director’s approval.

Repeating a Course

Students are allowed to repeat courses a second time before departmental permission is required. Those students who are attempting for the 3rd time, with permission, will follow these guidelines:

- Student will check in and be expected to meet with their academic advisor to sign the required paperwork.
- Failure to pass after the 3rd attempt will result in the student being dropped from the Medical Assisting program.

Internship Attendance

Students are expected to attend all 160 hours of internship in MED 299. All absences must be made up, with permission of internship site supervisor. Failure to complete all hours of internship may result in an “F” and it will be the student’s responsibility to find another internship site to continue the hours.

Internship Requirements

Students must complete a 160-hour internship with patient contact in out-patient facilities, private practice, or clinic settings, without compensation. Internships provide an environment for students to observe and practice skills learned in the Medical Assisting program. Internships also provide an opportunity for students to refine skills, interact with patients, staff, and physicians, as well as to use equipment in actual clinical settings.

- Students are expected to be present in the internship site dressed appropriately and ready to participate in the activities at the time and for the duration of the hours assigned.
- Students will be required to purchase and provide proof of Individual Professional Liability Insurance through HPSO.com prior to registration of your internship. (cost is approximately \$37.00 and is valid for one year).
- Students must provide proof of completion of the Health and Safety test from the Connecticut Hospital Association (CHA) by going to www.chime.org and completing the Health and Safety Training Course. This is a self-paced course. Student must hand in a copy of this test to the Practicum Coordinator prior to going out on internship, it will be graded, and a copy put into the student's internship file.
- Students will send a completed resume to Career Services prior to being placed at an internship location.
- Students will be required to have a background check and drug screen completed within the given time frame prior to eligibility to enroll in MED 299 and be placed on externship. Failure to do so may prohibit the student(s) progression in the program.
- If there is any criminal record that might interfere with future certification or a positive drug screen that cannot be qualified by a physician, the student(s) will be notified. In either event, students must obtain (if granted) program director approval, to progress in the program. If a clinical facility finds the results of a student's background check and or drug screen objectionable and, as a result, prohibits the student from participating in a clinical experience at their facility, the department will make one additional attempt to place the student in an alternative facility. If the additional attempt does not permit a placement for the student, he or she will not be permitted to progress in the program.
- Students that are placed at a hospital or clinic setting may be required to receive a flu and COVID-19 vaccination, have an additional background check conducted and drug screen, and provide a copy of a Goodwin University transcript prior to the internship start date.

Internship Student Conduct Policy

The Medical Assisting student is expected to demonstrate safe and ethical professional behavior in preparation for, provision of, and documentation of, according to course objectives.

In addition, the student is expected to demonstrate professional behavior with regard to other students, faculty, and patients while on internship (i.e., patient-care) sites.

Examples of unsafe, unethical or unprofessional conduct include, but are not limited to:

- Failure to notify both the internship site supervisor and Practicum Coordinator of absence.
- Failure to follow Medical Assisting program or internship policy and procedures.
- Reporting for internship hours under the influence of drugs and/or alcohol.
- Refusing assignments based on the client's race, culture, religious preference, sex, national origin, age, disability, medical diagnosis or any protected status category.
- Engaging in posting on Facebook, Twitter, or other social networks while in class, via cell phone or computer lab. No Facebook, Twitter, or other social network negative/derogatory comments about students, faculty, or others at Goodwin University.
- Failure to follow HIPAA policies and procedures while on internship, such as, but not limited to speaking about the internship sites and patients seen, discussing internship site regulations and policies that do not affect the student, etc.
- Denying, covering up or not reporting own errors while on internship.
- Ignoring or failing to report unethical behavior of other health care persons in the clinical setting, i.e., behavior that jeopardizes client welfare.
- Displaying mental, physical or emotional behavior(s) that may adversely affect well-being of self or others.
- Failing to follow through on suggested referrals or interventions to correct deficit areas that may result in harm to others.
- Acts of commission or omission in the preparation for and actual care of clients (i.e., including but not limited to physical abuse, emotional abuse, placing clients in hazardous positions, conditions or circumstances).
- Interacting inappropriately with agency staff, co-workers, peers, clients, families or faculty resulting in miscommunication.
- Lacking physical coordination essential for carrying out medical assisting procedures.
- Lacking critical or analytical thinking skills necessary for making appropriate judgments or decisions while on internship.
- Performing activities that are beyond the preparation or capabilities of the student.
- Performing activities that do not fall within the legal realm of professional medical assisting practice.

A faculty member or internship site supervisor may take the following measures if a student demonstrates unsafe or unethical behavior(s) in any setting (including classroom or internship site):

- Immediate dismissal from the learning setting and initiate immediate remediation in collaboration with the student.
- Recommend immediate dismissal from the Medical Assisting program – i.e., if the behavior is of a grave nature, including but not limited to safety violations, substance abuse, unlawful or unethical acts.

Student Conduct

Students are expected to conduct themselves in a manner that is consistent with the Mission, Philosophy, and Goals of Goodwin. Part of the student’s education focuses on preparing them for the work force. To meet this goal, a discipline policy, which is modeled after typical employment policies, is followed to facilitate the graduates’ transition into the workforce.

The Progressive Discipline process is meant for those students who show unprofessional behaviors during their progress through the program. The faculty hopes that this policy will rarely be used. It is critical that the program groom students as total professionals to achieve future success. Failure to meet certain standards may cause the student to enter progressive discipline. Examples of behaviors that can lead to progressive discipline include but are not limited to:

Academic Honesty- Students who are aware of issues of academic dishonesty who do not report these issues to their instructor will be held to the same degree of accountability as the student who commits the infraction.

Academic Dishonesty-The department supports a “zero” tolerance for infractions and in cases where an issue can be proven, recommendations for expulsion from the program will be made. These issues may include:

<ul style="list-style-type: none"> • Redistributing course materials such as but not limited to – homework or exams • Submitting another student’s work as your own • Utilizing another student’s answers • Perceived threatening behaviors to faculty or peers 	<ul style="list-style-type: none"> • Deliberate misrepresentation of facts • Disruptive behaviors to class • Performance issues • Attendance and tardiness concerns • Failure to complete assignments • Disrespectful behaviors toward the instructor. If the student is disrespectful towards the instructor, the student will be asked to leave the classroom immediately.
---	--

Progressive Discipline

The Medical Assisting program follows a progressive discipline policy that typically consists of four steps. Depending on the seriousness of any situation, however, any step may be skipped with the approval of the Program Director. A student will enter progressive discipline whenever

(s)he fails to meet the expectations of the department. Typically, progressive discipline adheres to the following:

Counseling - Documented in the student's file: verbal counseling with performance improvement plan.

1st Written Warning - student has been counseled regarding the need to improve in a specific area and has failed to demonstrate improvement or performance precludes the opportunity for counseling: a performance improvement plan will be implemented.

2nd Written Warning - occurs when the student has already received 1st Written Warning and new issues or previous unresolved issues continue.

Recommendation for Dismissal - This recommendation may be made when the student has received a 2nd written warning, continues to fail to meet the standards of the department and does not indicate the desire or willingness to change the behavior.

Although these steps usually follow a progressive pattern, please note that at the discretion of the Program Director any step may be skipped depending on the seriousness of the situation. Please refer to the following section, which describes specific criteria that constitute dismissal from the program.

Dismissal from the Program

The decision to dismiss a student from the program may result from a combination of behaviors, examples of which are listed below, that may have caused the student to enter the progressive discipline process.

Examples of such behaviors include but are not limited to:

- Failure to successfully complete any course required in the medical assisting curriculum, based on the number of repeats allowed, with a grade of "C" or higher.
- Unauthorized possession, use, sale, or distribution of alcoholic beverages or of any illegal or controlled substance.
- Unauthorized use, possession, or storage of any weapon.
- Physical and/or psychological abuse, threat or harassment of any patient, visitor, agency staff, student, or faculty member.
- Theft, abuse, misuse or destruction of another person's or agency's property.
- Unauthorized disclosure, removal, or misuse of confidential information about any patient, student, or agency staff.
- Violation of Internship Conduct policies as stated on pages of this Handbook.
- Engaging in or prompting others to engage in conduct that threatens or endangers the health, safety, or physical/psychological well-being of another person.

- Being on an internship’s property, in a student capacity, without proper authorization.
- Failure to contact internship supervisor to give notice of lateness or absence; reporting to the wrong clinical site; or reporting on the wrong day to the clinical site, despite counseling.
- Unsafe practice at the internship site.
- Academic Dishonesty as previously defined.
- Dismissal from an internship site.
- Any student who is dismissed from the program has a right to appeal this decision. The appeals process is as follows:
 - If the concern is not resolved, the student meets with the Program Director.
 - If the concern is not resolved, the student meets with the Dean.
 - If the concern is not resolved, the student submits their concern in writing to the Academic Review Committee.

Guidelines for Resolving Student Concerns

If the student has a concern about any learning activity or grade within any Medical Assisting course, the guidelines below must be followed in resolving the issue:

1. The student initiates a meeting with the faculty member.
 2. If the concern is not resolved, the student meets with the Program Director.
 3. If the concern is not resolved, the student meets with the Dean.
 4. If the concern is not resolved, the student submits their concern in writing to the Academic Review Committee.
- At the meeting(s), the student will come prepared to discuss the relevant concern and present appropriate documentation.
 - If the student is not satisfied with the recommendation of the Medical Assisting faculty, (s) he should refer to the Student Appeal Process to appeal to ARC – fully outlined in the Goodwin University Catalog.

Privacy Regulations

Privacy regulations as stated in the Health Insurance Portability and Accountability Act (HIPAA) will be followed by students and no information that explicitly identifies patients by name will leave the facility.

Consequence to this regulation will result progressive discipline and/or dismissal from the internship and Goodwin University Medical Assisting program.

The Code of Ethics of the American Association of Medical Assistants (AAMA) shall set forth principles of ethical and moral conduct as they relate to the medical profession and the practice of medical assisting.

Members of AAMA dedicated to the conscientious pursuit of their profession, and thus desiring to merit the high regard of the entire medical profession and the respect of the public which they serve, do pledge themselves to strive always to:

- Render service with full respect for the dignity of humanity.
- Respect confidential information obtained through employment unless legally authorized or required by responsible performance of duty to divulge such information.
- Uphold the honor and high principles of the profession and accept its disciplines.
- Seeks to continually improve the knowledge and skills of medical assistants for the benefit of patients and professional colleagues.
- Participates in additional service activities aimed toward improving the health and well-being of the community.

Student Support Services

Academic Success Center & The Math Lab

The Academic Success Center is located in room 209 and The Math Lab is located in room 219 of the River Campus. Both centers are staffed with Peer and Professional tutors that students can see on a walk-in or appointment basis. The centers provide students with consistent support and guidance throughout the learning process and encourage students to be actively involved. This is done through one-on-one, group tutoring and Academic Skills Workshops. To make a tutoring appointment please call 860-913-2090, email ASCStaff@goodwin.edu or walk into either center.

eTutoring

Goodwin University offers eTutoring services through an agreement with the Connecticut Distance Learning Consortium (CTDLC). Students using the eTutoring platform may work with an eTutor in a live session or may submit a question or course assignment for an instructor to correct and/or provide feedback. eTutoring offers instruction, guidance and resources to help each student succeed. Specific information concerning eTutoring is located on the Academic Success Center webpage: <https://www.goodwin.edu/academic-success-center>

Testing

The Academic Success Center provides testing services for those who have missed an exam in their class or who have accommodations approved by the AccessAbility Office. To utilize the testing center, students must get written approval from their professor. In addition, students with documented accommodations may have their tests proctored in the second-floor testing center. For more information on testing please see the following website:

<http://www.goodwin.edu/academic-success-center/testing>.

Scheduling Exams

Students should contact the Academic Success Center to schedule an appointment in advance. Students can walk-in or call 860-913-2090 to schedule their exam. It is strongly recommended

that students reserve a testing room in advance and confirm that their exam has been delivered to the center. Students are also welcome to take their test without reserving a room; however, if both rooms are occupied or if they are scheduled to be occupied before the student would finish their test (given the time allotted by their teacher), the student will be unable to take their test and will instead be asked to make a reservation or to return when a room becomes available.

Library Services

Read the following paragraph or download the Hoffman Family Library APP to your phone. The Hoffman Family Library is open seven days a week (7am-9:30pm Monday to Thursday, 7-9 Fridays, 8-4 Weekends). Librarians are on site during all open hours to help students conduct research, find valuable resources, and create citations. There are many ways to get help from a librarian: call 860-913-2042, text ASKGOOD and your question to 66746, email GoodwinLibraryPersonnel@goodwin.edu, click the "Ask a Librarian" button on the library web site, or just walk in. The campus library offers computers, Wi-Fi, group study rooms, a quiet atmosphere, and an ever-growing collection of resources. Most of the library's resources are available online 24/7 via the web site <https://www.goodwin.edu/library>. Through the web site students can access the research databases and find helpful guides and tutorials on where to find good resources for any subject, tips on how to write great papers with proper citation and formatting, and much more.

Counseling Services

The mission of Counseling Services is to provide students with opportunities for personal, emotional, and academic development and to help guide students towards successful completion of their college education.

Additionally, in accordance with Goodwin University's mission, Counseling Services seeks to foster lifelong learning and to promote civic responsibility. Our therapists will:

- Provide a safe and nurturing environment where students can identify and align their personal goals with their academic goals
- Collaborate with faculty and staff to help students develop self-knowledge, strategies, and coping skills necessary to succeed personally, academically, and professionally; and provide individual counseling for any issue including, bereavement support, mental health, emotional difficulties, domestic violence, and substance abuse. Students who take advantage of these free services will enjoy a one-on-one relationship with a therapist.
- Referrals to the therapist can be made by faculty, staff, or self-referral. Every referral remains confidential.

More information about these resources can be found on the Counseling Services website at <https://www.goodwin.edu/counseling> or by calling 860-913-2072 or 860-913-2043.

Goodwin University Policies:

These general academic policies of Goodwin University may be found on the University web site at <https://www.goodwin.edu/policies> Additional information may be found in the University catalog at <https://www.goodwin.edu/academics/catalogs>.

Academic Integrity

At Goodwin University, we value integrity as an essential component in our interactions with each other. We believe the purpose of a college education is for students to learn how to think critically and express their own opinions using their own ideas. The concept of academic integrity in all intellectual pursuits is a value that is fundamental to academic life and scholarly practice. Students at Goodwin University are obligated to uphold high standards of academic integrity in their scholarship and learning. It is expected that students take personal responsibility for their work and acknowledge the ideas of others. Academic integrity means doing one's own work and giving proper credit to others whose ideas and work a student is utilizing. It is the responsibility of each student to become familiar with what constitutes academic dishonesty and plagiarism and to avoid all forms of cheating and plagiarism. Goodwin University defines academic dishonesty as including, but not limited to, (a) plagiarism: presenting, as one's own, the ideas or words of another person or persons for academic evaluation without proper acknowledgment and (b) cheating: providing or receiving assistance in a manner not authorized by the instructor in the creation of work to be submitted for academic evaluation including papers, projects, and examinations.

The policy can be found in the policy section of the website: <https://www.goodwin.edu/policies>

AccessAbility Services

The AccessAbility Services Office assists students with disabilities in securing accommodations and services that will promote success and integration into the University. Goodwin University complies with the mandates created by the Americans with Disabilities Act and Section 504 of the Rehabilitation Act. Students who have a documented disability are strongly encouraged to contact the Accessibility Coordinator in advance of their enrollment so that accommodations are in place on the first day of matriculation. Guidelines and policies are provided to students who request this information. If you have any questions, please contact the Accessibility Coordinator at 860-727-6718. Information is also available on the Goodwin University website: <https://www.goodwin.edu/accessability>

Establishing Attendance

Students must establish attendance in each course for which they are registered. Faculty report attendance on Census Day which occurs on the fifteenth calendar day of each semester/module and records attendance through the fourteenth calendar day. Students who have not attended and/or participated in their course by the fourteenth day of the semester or module will be withdrawn from the course.

In order to establish attendance, students must do at least one of the following, prior to Census Day:

Student attends an on-ground class OR

Student posts to online discussion about an academic matter OR

Student submits an academic assignment either on-ground or online OR

Student takes a quiz or test either on-ground or online

Please note that posting to an introductory discussion board assignment does not constitute as establishing attendance.

Students who do not establish attendance will be administratively withdrawn from the course(s) and will be listed as a No Start (NS). These courses will not be listed on the transcripts or counted as credits attempted. For students who do not establish attendance for all/any course(s) by Census Day a refund of 100% of applicable tuition charges less applicable fees and books, less \$500 for course withdrawn will be granted.

Students receiving Title IV funds should reference the Financial Aid and Refund Policy in the catalog or on the Goodwin University website for any financial consequences related to non-attendance.

Online Discussion Board Policy

Faculty members retain the right to remove posts deemed to contribute to a negative online environment.

Technology Policy

Access to all computer systems, networks and electronic devices owned by Goodwin University imposes certain responsibilities and obligations to all faculty, staff and students. The university's technology policy outlines the acceptable usage for all computers and peripherals, network resources, telephones and all other electronic devices owned and maintained by Goodwin University. Users failing to adhere to this policy may face disciplinary actions by Goodwin University and/or local and federal law enforcement agencies.

The complete technology policy is located in the student handbook and on the Goodwin website: <https://www.goodwin.edu/files/pdfs/policies/technology-policy.pdf>

Handbook Receipt Acknowledgement

I acknowledge the receipt of the Goodwin University Medical Assisting Program Student Handbook. I realize I am responsible for reviewing its content, being familiar with policies and procedures, and meeting established standards.

STUDENT CONFIDENTIALITY STATEMENT

The clinical sites have a legal and ethical obligation to safeguard the privacy of all patients and to protect the confidentiality of their health information. As a student here, you may have access to confidential patient information, either on paper or through information systems. You are required to sign this confidentiality statement to ensure that you understand your obligations to keep patient information confidential.

1. I understand that federal and state regulations require that patient information be kept strictly confidential. This includes information that is spoken, written or in a computerized format. At no time should any form of social media (i.e., Facebook, Instagram, Twitter, Snapchat, LinkedIn, etc.) be used to share information relative to a patient regardless of its educational content.
2. I understand that patient information will be accessed, used and disclosed only on a need-to-know basis and only as part of my work or educational assignment. Patient information includes any information about a patient’s physical or mental health, as well as their name, address, and other demographic information.
3. I will not discuss any patient information outside of my educational program while at the clinical site, especially at home with family members or friends.
4. I understand and agree that my obligation to keep patient information confidential extends beyond my time here at my clinical facility and lasts forever.
5. I understand that if I violate patient confidentiality, in addition to termination of my educational program at my clinical site and from the Medical Assisting Program, there may be legal penalties for violating patient confidentiality which may include payment of fines or even imprisonment.
