

Goodwin
Foundation

2023
ANNUAL REPORT

The scholarship I received at Goodwin University helped me focus on one less thing during the final stages of obtaining my master's degree... I entered this program with my husband and was fortunate enough to graduate with my husband. In previous semesters, the stress, time, and energy that went into choosing which necessary monthly expense to sacrifice were heavy burdens my family carried to press on toward graduation. The scholarship I received allowed me to be present with my professors, classmates, and my educational journey.

CHERIE GRIGSBY

Recipient, Hoffman Family Scholarship

Goodwin University Foundation | Annual Report 2023

It is our distinct honor to present the Goodwin Foundation 2023 Annual Report. On behalf of the Goodwin Foundation board and the Goodwin University trustees, thank you for your sustained support of the University and for the life-changing impact you have made on our students.

As you read about the accomplishments celebrated in this annual report, we hope you will take pride in all we have made possible together, with your help. Some highlights from this year include:

- Thanks in part to a transformational two-million-dollar gift from the George W. Bauer Family Foundation, the Harrison Steans Advanced Manufacturing Center at University of Bridgeport was opened. Staffed by Goodwin University faculty, the center will initially offer classes at the college level in Welding, with plans for a Computer Numerical Control (CNC) lab underway.
- This year, through the generosity of our donors, the Foundation awarded \$445,595 in scholarship funds to 184 students. This funding was due in part to the great success of our two signature fundraising events. The ninth Annual Clambake raised over \$28,000, and the 18th Annual Golf Tournament raised a record \$114,000 to support hard-working Goodwin students.
- We were fortunate to create two new scholarship funds: the Evan Howard Scholarship Fund and the Excellence in Nursing in Memory of Mary Galatro Donahue RN Scholarship. We are honored to carry on the memory of these two exceptional people who will continue to have a positive impact on the lives of our students.

The impact of your investment in the Goodwin Foundation is beyond measure, and we thank you wholeheartedly for changing the lives of hundreds of students who will in turn make huge contributions to our state's economy and our community.

As Goodwin University enters its 25th Anniversary year, we are proud of our partnership with YOU. Together we have reached thousands of students and had an immeasurable impact as they grow professionally and create new opportunities for themselves and their families. We count on your continued support in all that we do!

With gratitude,

A handwritten signature in black ink, appearing to read 'Mark Scheinberg'.

MARK SCHEINBERG
Goodwin University President

A handwritten signature in black ink, appearing to read 'Ethan Foxman'.

ETHAN FOXMAN
Goodwin Foundation Board Chair

MISSION STATEMENT

The mission of Goodwin University is to educate a diverse student population in a dynamic environment that aligns education, commerce, and community. Our innovative programs of study prepare students for professional careers while promoting lifelong learning and civic responsibility. As a nurturing university community, we challenge students, faculty, staff, and administration to fully realize their highest academic, professional, and personal potential.

Seventy-two percent
of our students at or
above the age of 25.

Goodwin Foundation

Goodwin Foundation was formed as a separate 501(c)3 in 2000 to enable the then for-profit University to begin accepting charitable donations from the community. Governed by an active board, the Goodwin Foundation expands educational access for a wide range of students. Donations to the Foundation benefit students who have an acute financial need and have demonstrated desire to achieve academic success. The Foundation serves as both the University's fundraising arm for charitable contributions and the University's endowment.

Goodwin Foundation supports the mission of Goodwin University to extend educational opportunities by raising money for scholarships, financial assistance, and programmatic support. The Foundation identifies key strategic goals and cultivates individuals, business, and community partners through leadership gifts, annual fund, and alumni giving campaigns

Goodwin Foundation's purpose:

- ▶ Enable individuals to support Goodwin University students through scholarships.
- ▶ Enhance the relationship between alumni and friends by connecting them at Foundation events.
- ▶ Build a community committed to enhancing the lives of those seeking to make their world and others' better.
- ▶ Ensure the viability of the University and the work it does for students and the community.
- ▶ Enable alumni, the greater East Hartford community, and others to support the mission of Goodwin University through contributions.

Events

The Goodwin Foundation held its two signature events in 2023 to raise funds for student scholarships. The 9th Annual Summer Clambake was held on Goodwin's campus overlooking the Connecticut River on June 15, and featured University of Bridgeport's Steel Drum Band, clambake fare catered by Flander's Fish Market, entertainment by Adam Rivers from iHeart Radio, and beverages donated by Square Peg Pizza, Putnam Plaza Super Liquors, and Coca-Cola. A silent auction raised over \$12,000 and featured many unique items and experiences, including a rocket stove handcrafted by Goodwin's Welding program and Adirondack chairs built by students from Connecticut River Academy, Goodwin's magnet high school.

The Goodwin Foundation 18th Annual Golf Tournament was held at the premiere private Hartford Golf Club on August 7 and included a full day of golf, food and beverages, on-course contests, raffles, and auctions.

Together, these events raised over \$150,000 for the scholarship fund in support of Goodwin's hard-working students.

Goodwin offers 43 degree and certificate programs to students across three schools: the School of Applied Liberal Arts and Social Sciences, the School of Business, Technology, and Advanced Manufacturing, and the School of Nursing and Health Professions.

► **STEANS CENTER RIBBON CUTTING**

2023 ACCOMPLISHMENTS

George and Carol Bauer — A Legacy of Giving Back

Goodwin University hosted a ribbon-cutting ceremony on October 25 for the opening of the Harrison Steans Advanced Manufacturing Center on University of Bridgeport's campus. The event drew a crowd from both Universities, along with local and state officials, who gathered to celebrate and learn more about this hub for advanced manufacturing education.

The center opened to its first cohort of welding students, taught by Goodwin University faculty, in the fall of 2023, to help fulfill a critical need by providing hands-on training in a field where Connecticut depends on a skilled workforce. Among the distinguished guests were representatives of U.S. Senators Chris Murphy and Richard Blumenthal, who helped secure Congressionally Directed Funding for the center's programming.

George and Carol Bauer provided a generous two-million-dollar gift to Goodwin University to name the center after Mr. Bauer's dear friend and colleague, Harrison Steans. Together, the two men supported educational programs for high school students, providing a college education for those who graduated. Mr. Bauer noted that they encountered a common obstacle

in this work: some successful high school graduates didn't want to attend a traditional college, but chose to work with their minds and their hands instead. "When I saw Goodwin's manufacturing facilities, I told myself, 'They broke the code. This is what we've been dreaming of,'" shared Mr. Bauer at the ribbon cutting. "Harrison would be so pleased with what you've done here."

CBIA president Chris DiPentima, a graduate of University of Bridgeport's school of law, remarked, "[This project is] the most important workforce-related project happening in our state today. This is not the manufacturing center — this is the manufacturing epicenter. This is a huge opportunity to really propel our state."

At the ribbon cutting, Chief Manufacturing Officer for the State of Connecticut, Paul Lavoie, noted that while Connecticut is the 48th-smallest state in the country, it "sits among giants in manufacturing."

"There is no better time in our state's history to make sure we are doubling down on a well-skilled and well-trained workforce to support our 368 manufacturing companies," he added.

► FIP RIBBON CUTTING

FIP Construction

FIP Construction has been a longstanding and invaluable partner of Goodwin University. Their support began during Goodwin's early years, and their impact can be seen throughout the River Campus. FIP began work by developing our main building, transforming the old oil tank farms into the beautiful campus seen today.

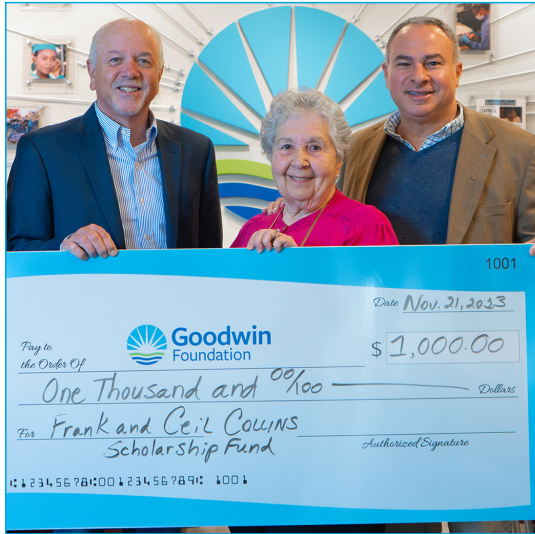

Their efforts are evident throughout seven of our buildings and 413,000 square feet of development. FIP has made our University's progress possible by working within federal and state grant constraints and making the most of precious financial resources. Placing importance on value engineering each project to get the most out of our investment, they have constructed our flagship building, Health Sciences building, and both magnet schools. FIP's efforts will continue with the upcoming development of our new Magnet Technical High School currently under contract.

In addition to FIP's construction contributions, they have also been consistent donors. In 2022, they entered into a five-year gift agreement in the amount of \$250,000.

These funds will be equally distributed between the Foundation Scholarship Fund and Frontline Scholarship Fund to help support Goodwin students achieve their educational and occupational goals.

On December 4, a donor reception and naming event was held to celebrate FIP Construction and their generous contributions to Goodwin. President Mark Scheinberg and Foundation Board Chair Ethan Foxman began the evening with remarks on how vital FIP has been in the growth and success of our University. Bill Hardy and Dan Burns from FIP also spoke of the wonderful history between FIP and Goodwin over the years.

The evening continued with the FIP River Room ribbon cutting along with lively reminiscing of many years in partnership together and wonderful custom-made cookies with the FIP Construction logo. We are immensely grateful to FIP for being enduring supporters of Goodwin's vision and helping to implement our plans for progress over the years.

► L-R: Jay Margnelli, Connecticut River Valley Chamber of Commerce and Goodwin Foundation board member, Ceil Collins, Guy LaBella, Director of University Relations for Continuing Education

Frank And Ceil Collins Scholarship Fund

Sincere thanks to the Connecticut River Valley Chamber of Commerce for raising funds from their annual golf tournament to support the Frank and Ceil Collins Scholarship Fund at Goodwin University. Established in 2014 by longtime East Hartford residents Frank and Ceil Collins, this scholarship is awarded annually to a Goodwin student majoring in any program of study who participates in extracurricular and/or volunteer activities at Goodwin or in the East Hartford community. We are so grateful for the Collins’ ongoing support and so pleased to keep Frank’s legacy of giving alive through this annual event.

The MPH program has been absolutely central to the development of my leadership skills in these areas. Thank you for your support of my MPH education and future career journey.

AMANDA LOUNIBOUS,

Recipient, Goodwin Foundation Master’s Degree Scholarship

▶ **LEE HOUSLEY '13, '15,**
Trustee and Foundation Board
member and alumni champion!

Alumni Leadership Committee

The Alumni Association and the Alumni Leadership Committee were established in 2009 to foster and maintain the connection of former students to Goodwin University. Alumni volunteers and staff coordinate events, mentorship and lifelong learning opportunities, and philanthropy and service programs.

Over the past decade, Lee Housley '13, '15 has shone as a leader in the Goodwin University community. Lee began serving on the Alumni Leadership Committee in 2013 and stepped up as president in 2016. During those 10 years, Lee has fearlessly led the group of dedicated alumni to support the University and stay connected to Goodwin.

In 2017, the Alumni Leadership Committee established the Alumni Scholarship Fund, helping students who already graduated to come back and further their education. Each fall, alumni fundraising efforts provide two deserving students with scholarships to continue their education and obtain an advanced degree.

In 2019, Lee was honored for her work when she received the Alumni Service Award at the Goodwin Awards. Additionally, Lee has served on the Foundation Board since 2014 and has been a trustee of Goodwin since 2023.

We sincerely thank Lee Housley and the entire Alumni Leadership Committee for their time, generosity, and commitment to Goodwin! The future of the Alumni Association is brighter because of them.

The mission of the Goodwin University Alumni Leadership Committee is to create a lifelong bond between Goodwin University and its alumni by engaging a diverse group of graduates through programs and services that address their needs and keep them connected. The Alumni Leadership Committee supports the mission and values of Goodwin University and promotes the role of alumni in strengthening and sustaining the life of the University.

This scholarship isn't just a sum of money, it is an amazing tool and resource that will help me lessen the burden of paying for school. Working full time and going to school full time have been hard to do but this scholarship has given me the boost I've been needing to get through this semester.

As this educational endeavor is the start of a second career for me, your financial assistance is a great help on my path to success. I hope to use my education in Funeral Services to further serve my community, and to help contribute to the growth of the profession.

TANINA MCMORRAN

Recipient, Goodwin Foundation Compass Scholarship

New Scholarships

Evan Howard Scholarship Fund

We are so grateful to have welcomed a new scholarship to the Foundation in 2023. The Evan Howard Scholarship Fund, funded by Elizabeth Kaplan and William Howard in honor of their late son Evan, provides a \$2,500 scholarship to two deserving students each fall semester. Evan was a kindhearted and compassionate young man who was always concerned with helping those less fortunate. His family is honored to support Goodwin University students during their educational path in Evan's memory.

Together, these events raised over \$150,000 for the scholarship fund in support of Goodwin's hard-working students.

In Fall 2023, the Evan Howard Scholarship was awarded to Raquel Campbell and Elizabeth Estevez. Elizabeth is pictured here with her children.

► EVAN HOWARD SCHOLARSHIP FUND

L-R President Mark Scheinberg, Raquel Campbell, Elizabeth Kaplan, and William Howard

Last year, 87% of our students took advantage of part-time enrollment as they juggle academic attainment with work and family commitments.

Excellence in Nursing in Memory of Mary Galatro Donahue RN Scholarship

A new nursing scholarship fund was created in 2023 by a loving daughter in memory of her mother, a devoted and caring nurse who lived a courageous life. Mary Galatro Donahue graduated from Saint Francis Hospital School of Nursing, began her career in maternity nursing, and then dedicated three decades to care of the elderly at Corbin Convalescent, then Brittany Farms Health Center, in New Britain. There, she touched the lives of so many serving as a unit nurse, nursing supervisor, nursing educator, quality control nurse, and ultimately Assistant Director of Nursing. Ahead of her time, she promoted a patient-centric approach that always put her patients first and was truly a role model for others. Near the end of her life, Mary was cared for by Goodwin Nursing students fulfilling their clinical placements and was impressed by their skilled care and compassion, leading to the establishment of this scholarship.

“For me, the Goodwin University Nursing program was the natural choice for a scholarship program in memory of my mother. Their approach to education, disciplined process for identifying the best award candidates, and commitment to serving students in financial need who might otherwise not be able to realize their career dream of serving others through nursing made me overwhelmingly pleased to provide a 10-year gift to the program.”

► **ROSE MALJANIAN**, accomplished senior executive in the health care industry and her mother, **MARY GALATRO DONAHUE**.

STUDENT SUPPORTS

Goodwin is committed to serving a diverse student population and offering the supports to be sure that every individual with a dream of higher education is able to pursue it and be successful.

Goodwin University is a nonprofit higher education institution that places importance on serving a diverse student population with career-focused degree programs that lead to strong employment outcomes.

The Ann B. Clark Co-op

The Ann B. Clark Co-op serves the Goodwin University community and is managed by a team of staff and students. Our strategic work with such partners as Connecticut Foodshare, ShopRite, Stop & Shop, Dairy Farmers of America, and Highland Park Market, as well as generous donations from our supporters, ensures that our shelves are always stocked with quality products. Through the passion, generosity, and inspiration of Goodwin University's provost emerita, Ann B. Clark, this service has been endowed and will have resources in perpetuity to address food insecurity, so students never have to choose between groceries and their education.

Student Emergency Response Fund

Because students at Goodwin University often face unexpected challenges, the Foundation established a Student Emergency Response Fund to support the critical needs of our students. Students access this fund through the Student Affairs Department for emergency needs such as fuel and energy assistance, housing, medical, transportation, child care and other unexpected situations that arise as roadblocks to persisting in their education.

Laptop Loaner Program

The laptop loaner program enables students to check out a laptop for the duration of the semester in which they are enrolled. For working adults with families, the ability to take remote classes and access computers around the clock is often the only way they can pursue their education. This program ensures that students have access to required technology to be successful in their chosen programs.

Mental Health Counseling Services

Normalizing that we all have struggles that get in the way of our progress at times, Goodwin offers mental health and counselling services both in person and virtually, to accommodate personal preferences and ensure student confidentiality. Particularly since the pandemic, we see that students have increased need for a safe place to talk through personal struggles and challenges to help them persist in their education.

Thank you to all our donors for your generous contributions received between July 1, 2022 and June 30, 2023. If you find an error, we apologize and request that you contact the Goodwin Foundation Office at 860-727-6976 or at giving@goodwin.edu.

*Gifts made by Staff/Faculty

This scholarship was a sigh of relief, putting my mind at ease, knowing that I could alleviate some of the burden. I was proud that I could help in any way. I have put my all into my education at Goodwin...
