

Preventive Care Campaign
Physician Attestation Form
EMPLOYEE

Participant Name (Employee): _____

Deadline to Submit: 01/06/2025

My employer, Goodwin University, is sponsoring a voluntary wellness & health incentive program focusing on preventive care and supporting healthy lifestyles. One of the goals of the program is healthier lifestyles resulting in optimal health. In 2025, the program will reward an incentive for participation in preventive care to include a physical, ob/gyn exam, colonoscopy or mammogram.

I have participated in a preventive care physical which may include biometric testing deemed appropriate by my physician. My physician and I have discussed how my lifestyle choices may be linked to my current health state and how those choices can influence future health risks. We are working together towards an attainable health goal.
